Mangrove Route

Coinciding with the Symposium Mangrove Route have scheduled two very special eco tours. 1. **TURTLE TRACKS.** Tuesday 29 September 2009 @ 1600. Dr Michael Guinea will accompany this special eco tour to Bare Sand Island which will focus specifically on turtle hatchlings. Participants will enjoy sunset at this extraordinarily remote location, prior to observing Dr Guinea continue his field research on flatback turtles. Tour details are available at <http://www.mangroveroute.com/tours/turtletracks.htm> Places are limited and can be booked directly with info@mangroveroute.com to ensure the delegate discount of 10%.

2. **MANGROVE ROUTE.** Saturday 26 September 2009 @ 0630 - 0830. This special sunrise tour will capture the morning activity of Darwin's unique mangrove estuaries. In addition, participants will be captivated by the sun rising over the city and with the early morning action on Darwin harbour. Tour details are available at <http://www.mangroveroute.com/tours/mangroveroute.htm>. Places are limited and can be booked directly with info@mangroveroute.com to ensure the delegate discount of 10%.
